The non-alcoholic beer that persuades beer connoisseurs through its extremely tangy taste. For Krombacher non-alcoholic is a pilsener beer brewed with natural spring water in a special process developed only for Krombacher. It is to this brewing process as well as the cold, gentle fermentation and storage that our non-alcoholic beer owes its convincing taste so typical of beer. To be best enjoyed ice-cold! Krombacher non-alcoholic is the ideal thirst quencher after sports. Refreshing, and natural! Full taste with reduced calorie content. Or as an alternative for car drivers instead of water or soft drinks.
